Full Pan Vented Systems

Full Pan System with Driftwood Logs and Reflective Blue Fire Glass

Full Pan Systems provide a stylish way to add flare to your fireplace. The low profile tray formed burner gives the elegant effect that the fire is raising out of the fireplace floor. Multiple media options are available including Fire Glass, Fire Beads, River Stones, Shapes or Gas Logs. Available in 18", 24" and 30" sizes with manual safety pilot or remote control options for Natural Gas or Liquid Propane Gas.

Full Pan with Reflective Blue Fire Glass

IMPORTANT: For best results fill the Full Pan Tray 2/3 of the way with Burner Pan Sand (Natural Gas) or Vermiculite (Liquid Propane Gas) then the rest of the way with Fire Glass or Fire Beads. It should take a maximum of 10 lbs. of glass to fill the remaining portion of the burner tray. More Fire Glass will be needed if you are covering the fireplace floor.

FIRE GLASS

Copper Diamond White Green Black Blue

REFLECTIVE FIRE GLASS

Black Blue Copper Gold White

FIRE BEADS

Aqua Blue Emerald Green Lilac Royal Blue Sangria
