

Stoves

FREESTANDING SERIES

PERFECT FOR
HARD-TO-FIT SPACES.

valor Radiant
Gas Fireplaces

THE SCIENCE OF WARMTH™

Since 1890, we've been pioneering and perfecting radiant heat technology that generates constant, comfortable warmth within your home.

RADIANT HEAT

We put radiant warmth into every fire. You can feel it.

ADJUSTABLE HEAT

Adjustable flame for constant, even warmth without having to cycle the fire on and off.

EFFICIENCY

Radiant heat gas fireplaces are up to 25% more efficient than central forced air systems.

SAFETY

Our fires are put through rigorous safety testing in our in-house CSA approved lab.

REALISTIC LOGS

High definition, low mass fiber ceramic logs heat up and glow quickly, radiating warmth.

ON COVER:

MADRONA MODERN, ALMOND
MFCS05-2 + MFCS05-1AW + MFCS05-3AW
TRADITIONAL LOGS MF28LSK

Proudly made in North America.

CONVECTIVE HEAT

Secondary Heat Exchanger naturally improves convective heat—without a fan.

NO POWER. NO PROBLEM.

Valor stoves heat without electricity—even in a power failure.

CERAMIC GLASS

Durable and robust ceramic glass improves radiant performance.

ALUMINIZED STEEL

Aerodynamic aluminized steel firebox handles high temperatures and delivers efficient radiant warmth.

The President stove includes a convenient panel that allows easy access to manual controls and battery.

FLUTED BLACK LINER

PRESIDENT STOVE

Crafted with detail and inspired by classic design, the President freestanding stove is perfect for upgrading traditional and contemporary spaces.

Projecting a mere 14.5 inches into the room, the solid cast iron body shows great freestanding as well as tight against a wall—leaving plenty of space.

The classic fuel beds, Traditional Logs and Coal, include a reversible liner with red brick or fluted black—your choice!

The contemporary fire beds—Rocks and Driftwood—feature the Fluted Black liner.

An optional Reflective Glass liner is always a consideration for the President stove.

TRADITIONAL LOGS WITH REVERSIBLE RED BRICK LINER

ZONE HEATING

With a stove in your main living zones, you can enjoy increased comfort while reducing furnace usage in colder weather or eliminating it during warmer spring and fall months.

MADRONA FINISHES

Our stoves are built with the finest cast iron and steel parts that look great and are built to last. The black is powder-coated for durability while the Majolica is a strong porcelain finish.

Visit your local Valor dealer to see a sample finish in person.

MADRONA TRADITIONAL

Both the square and arched cast iron versions are offered in a powder-coated Black or a Majolica glaze:

BLACK CAST IRON

MAJOLICA CAST IRON

MADRONA MODERN

Choose from three steel side panels while the rest of body is powder-coated Black cast iron:

Find out more
about our
Remotes:

REMOTE CONTROL

The Valor Plus remote (GV60) is standard with all our stoves for customized control.

Easily select, adjust and program the desired temperature that you want, saving energy and lowering your overall home heating costs.

Turn your pilot light ON and OFF from the handheld remote for years of additional energy savings.

The Valor SmartPilot System automatically shuts down if there's no activity after seven days, reducing unnecessary pilot consumption.
